Wrong Address: We suggest that the shipping address be validated before validating it on our website. If the delivery address provided is incorrect, we do not take responsibility. We would treat the order status as closed if a shipment is returned to us because the address is inaccurate or outdated. Please check carefully to make sure that the current and correct address has been entered.

Address Format: We recommend filling the shipping address in the given format with zip-code and not in the P.O. Box address format. If not, we will try to prevent this problem before shipping by connecting with the customer for better understanding.

Change in Address: Any change in shipping address needs to be informed within 4 hours of ordering the products. Changes in address would not be allowed after the order has been shipped.

Shipping Charges: Shipping charges may vary from city to city and the order quantity. We recommend the customers to check with the shipping rates on the checkout page.

Hidden Charges: There are NO hidden charges at Gifting Memories. The standard phase is the final price of the order. Once the order is shipped and delivered, there will be no additional fee to be paid.

Any problems with respect to shipping policy should be mailed to giftingmemories@gmail.com
